Shell Gadus S3 A1300C 2

Premium Heavy Duty Grease

Shell Gadus S3 A1300C is a calcium grease based on anhydrous calcium soaps and high viscous mineral oils, containing antioxidants, rust inhibitors, EP- and Anti-Wear additives. The grease has an excellent adhesion force, is very water repellant and has the ability to withstand severe shock loads.

DESIGNED TO MEET CHALLENGES

Performance, Features & Benefits

- Excellent adhesion
- Water repellant
- Withstand severe shock loads

Main Applications

Shell Gadus S3 A1300C is developed for the lubrication of • heavily loaded journals and roller bearings operating in wet environment e.g. off-road equipments and vehicles, forestry and agricultural machines, marine and offshore.

- Fifth wheels
- Pins
- •

- Stern tube bearing/seals, shark jaws, trawl winches and general maintenance of machinery and equipment on-deck marine and offshore environment.

Technical Data Sheet

Heavy Duty Protection Water resistant

Specifications, Approvals & Recommendations

For a full listing of equipment approvals and recommendations, please consult your local Shell Technical Helpdesk.

Typical Physical Characteristics	Typica	Physical	Characteristics
----------------------------------	--------	-----------------	-----------------

Properties			Method	Shell Gadus S3 A1300C
NLGI Consistency				2
Penetration, worked 60 strokes (0.1 mm)		0.1mm	IP 50 / ASTM D217	265-295
Dropping Point		°C	IP 396	>140
Base Oil Viscosity	@40°C	cSt	IP 71 / ASTM D445	1300
Base Oil Viscosity	@100°C	cSt	IP 71 / ASTM D445	106
Rust Preventing Properties : SKF Emcor distilled water		Pass		
Rust Preventing Properties : SKF Emcor WWO distilled water				Pass
Lubricating Ability SKF R2F A				Pass
Lubricating Ability SKF R2F B	@120ºC			Pass
Water Washout			ASTM D1264	5%
Colour				Red
Temperature Range (temporarily)		°C		-25/+110(120)

These characteristics are typical of current production. Whilst future production will conform to Shell's specification, variations in these characteristics may occur.

- **Bushings**
- Joints
- Cranes

Health, Safety & Environment

• Health and Safety

Shell Gadus S3 A1300C is unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of personal hygiene are maintained.

Avoid contact with skin. Use impervious gloves with used oil. After skin contact, wash immediately with soap and water.

Guidance on Health and Safety is available on the appropriate Material Safety Data Sheet, which can be obtained from http://www.epc.shell.com/

• Protect the Environment

Take used oil to an authorised collection point. Do not discharge into drains, soil or water.
